LOS ANGELES — SOVO// Magazine [Issue 2] : *The Fine Art Issue* is a neon green teleportation device that will take you places you never imagined you'd go. If you're a dreamer, a misfit an angel or just one who recognizes the dope-show when it appears - YOU are invited to take this unique ride. Along the way you'll visit the realms of many of Los Angeles' most gifted independent artists, hear their stories and finally land at a secret location where walls are covered with incredible art and rooms are packed full of some of the coolest folks you never thought you'd meet. Wanna go? Cool! type hello@sovomagazine.com into your smartphone or laptop - write in "yes please" and hang on to your hat!

Do you collect numbered and limited rarities? Are you an influencer or appreciator of "design done right"? On this trip you'll be asked all of the right questions, like... Have you heard of April Bey, Charles Dickson, Sadie Barnette? Anyone?... Do you know about SoLA Gallery, the new, museum-quality art space in South Los Angeles? Would you like to rub shoulders with the forever glamorous head-boss-in-charge arts activist Charmaine Jefferson? Did you know that Miles Davis was an accomplished visual artist? Does the prospect of standing directly in front of one of his paintings appeal to you? If not, stop reading. This is not for you.

Still with us? Awesome!
